

SHEQ-Department

Declaration

Non-toxic benzyl alcohol

Declaration Number: VA-RA-382

Edition: 1

Issued: Maastricht, April 17th, 2019

Product: Benzyl alcohol

We, Valtris AO Maastricht BV, hereby declare that benzyl alcohol (CAS 100-51-6) is not classified as a toxic substance according to the toxicological information provided under Section 11 of the attached Safety Data Sheet for this product.

Based on the data provided in the aforementioned section, it is concluded that benzyl alcohol produced by Valtris AO Maastricht BV is:

- not classified as acute toxic in contact with skin;
- not classified for subchronic toxicity;
- not classified for mutagenic or genotoxic toxicity;
- not classified for reprotoxic or developmental toxicity.

A handwritten signature in blue ink, appearing to read 'Stijn Valgaeren'.
